ASA Electronics® Introduces New JENSEN® TV with Built-in DVD Player

FOR IMMEDIATE RELEASE

ELKHART, IN. – ASA Electronics has updated our line of JENSEN televisions with the JTV1917DVDC, a 19-inch LCD TV that is perfect for the RV market. We have created a versatile, space-saving television that fits comfortably in even the most compact travel trailers.

Our stream-lined cabinet has been designed to reduce the overall footprint of the TV. Combined with the 75 x 75 VESA mounting pattern, this television can be easily wall mounted almost anywhere. It also features a built-in DVD player, doubling the entertainment value without any additional installation. The JTV1917DVDC is an energy efficient option for dry camping, drawing power from a 12 volt DC connection. This TV also comes with a table top stand and 110 volt AC adapter for at-home use in the off season.

The JTV1917DVDC is HD ready with an integrated HDTV (ATSC) tuner and also features an HDMI (ARC) input.

ASA Electronics® has been designing and manufacturing mobile electronic products for the Marine, RV, PowerSports, Agricultural, Construction, Commercial Vehicle, and Bus industries since 1977. Their proprietary brands are JENSEN®, JENSEN Marine®, JENSEN Heavy Duty®, iN-Command®, Marine Audio®, Voyager® and ADVENT® Air. ASA is also a distributor in specialty markets for SiriusXM® Satellite Radio, Polk Ultramarine®, Klipsch®, and XKGLOW® products. For more information, please visit www.ASAElectronics.com.
