ASA Electronics® Provides Complete Entertainment Package to Forest River Vengeance Line

FOR IMMEDIATE RELEASE

ELKHART, IN. – ASA Electronics is pleased to announce that Forest River Vengeance and Vengeance Touring lines will feature a complete suite of JENSEN® audio visual products for model year 2018.

“I wanted JENSEN® for their complete package reputation. All of their products really do function as a cohesive system. My customers can download their jControl app to control everything,” said Vengeance Division Sales Manager, Brad Short.

That complete package includes two of the latest feats of engineering from ASA Electronics: the JWM70A stereo and the JWMS350 speaker. The two-way acoustical speaker was designed for seamless installation alongside the JWM70A stereo for a sleek, high-end look. The stereo itself offers a full line-up of features that effortlessly integrate technology into the camping experience, like the jCOM HDMI interface. jCom allows the stereo’s built in DVD player to communicate directly with any of the three JENSEN® LCD TV options available on Vengeance RVs.

“My customers are looking for something high tech but user friendly,” Short said, “JENSEN® and ASA delivers that. From start to finish, the team at ASA is thinking of everything and they back up their work with great customer service and their Hassle-Free Warranty.”

ASA Electronics is proud to back the complete line of JENSEN® products with a unique no-hassle program that guarantees their products will be free from defects for 12 months. Their professionally-trained customer service and technical support representatives are available to help customers and technicians troubleshoot and repair any issues.

“The bottom line is, JENSEN® and ASA are what my customers want,” Short said.

ASA Electronics® has been designing and manufacturing mobile electronic products for the Marine, RV, PowerSports, Agricultural, Construction, Commercial Vehicle, and Bus industries since 1977. Their proprietary brands are JENSEN®, JENSEN Marine®, JENSEN Heavy Duty®, Marine Audio®, Voyager® and ADVENT® Air. ASA is also a distributor in specialty markets for SiriusXM® Satellite Radio and Polk Ultramarine® products. For more information, please visit www.ASAElectronics.com.
