ASA Electronics® Featured in RVX Aftermarket Experience Trailer

FOR IMMEDIATE RELEASE

ELKHART, IN. – ASA Electronics is one of the 23 suppliers selected for the first Aftermarket Experience Trailer at RVX. The RVIA and the Aftermarket Committee joined forces to create a showpiece trailer with a 2019 Crossroads Volante Fifth Wheel, outfitted with the best products the industry has to offer.

ASA Electronics donated their iN-Command Control System with Global Connect™ to be the hub of operations for the trailer. Smart RV Technology is the largest step forward for the RV industry to date and iN-Command with Global Connect takes it a step further. Using the iN-Command app, RVers can monitor and control select functions of their trailer from anywhere in the world.

This latest system from ASA Electronics will also be compatible with the myChevrolet and myGMC apps for 2020 Chevrolet Silverado and GMC Sierra Heavy Duty Trucks. This will allow Chevrolet and GMC owners to control their RV from their smartphone or infotainment system when within Bluetooth range of their trailer.

ASA Electronics has also provided all the entertainment for the Aftermarket Experience trailer with the JENSEN® JWM60A Wall Mount Stereo and two JENSEN TVs designed for the RV lifestyle. The stereo offers app control through the jControl app and three speaker zones while the TVs operate on 12V DC power and have been designed from the ground up to handle use in a mobile environment.

The Aftermarket Experience trailer will be debuting a new product from ASA Electronics: the iN-Command Tire Pressure Monitoring System. The iN-Command TPMS is an aftermarket product that will allow RVers to track the air pressure and temperature of up to 22 tires in real

time with a smartphone app. The iN-Command Tire Pressure Monitoring System will be available Summer 2019.

ASA Electronics® has been designing and manufacturing mobile electronic products for the Marine, RV, PowerSports, Agricultural, Construction, Commercial Vehicle, and Bus industries since 1977. Their proprietary brands are JENSEN®, JENSEN Marine®, JENSEN Heavy Duty®, iN-Command®, Marine Audio®, Voyager® and ADVENT® Air. ASA is also a distributor in specialty markets for SiriusXM® Satellite Radio, Polk Ultramarine®, Klipsch®, and XKGLOW® products. For more information, please visit www.ASAElectronics.com.
